Purpose of the Attendance Evidence

This document provides evidence of the attendance, participation and involvement of the members of the Verteco SmartJob project team during the completion of Task 1 and Task 2.

The group conducted several formal meetings throughout the development of the project. Most meetings were conducted online through Microsoft Teams, while the group also participated in an in-person class presentation.

The Microsoft Teams meetings were recorded to provide additional evidence that the meetings took place and to demonstrate the attendance and participation of the group members.

Meeting and Activity Overview

The group participated in five formal team meetings during the development of Task 1.

Date	Activity	Format	Evidence
20 July 2026	First Group Meeting	Microsoft Teams - Online	Teams meeting recording.
22 July 2026	Group Presentation	In person - Classroom	Presentation and class participation.
3 August 2026	Second Group Meeting	Microsoft Teams - Online	Teams meeting recording.
10 August 2026	Third Group Meeting	Microsoft Teams - Online	Teams meeting recording.
16 August 2026	Fourth Group Meeting	Microsoft Teams - Online	Teams meeting recording.

Meeting 1

Date: 20 July 2026

Meeting: Meeting 1

Platform: WhatsApp (Group Call)

Format: Online

1. Purpose of the meeting

This was the first formal meeting where everyone introduced themselves. We concluded on who was the group leader and what company we planned on approaching. We discussed our presentation requirements and had a call with someone who works at the company. We pitched our planning on what we wanted to do and it was approved. The employee also gave us the company's current problem and what they wanted us to work on. Each member was then given a section to search on for the in class presentation.

In Person Group Presentation

Date: 22 July 2026

Activity: Group Presentation

Location: Classroom

Format: In person

1. Purpose of the Activity

We as a group presented the company Verteco to the class and lecturer. We outlined what the company was about (their mission) and what issue they had assigned to us as a team. We proposed a new system that would fix their current problem.

Meeting 2

Date: 3 August 2026

Meeting: Meeting 2

Platform: Microsoft Teams

Format: Online

1. Purpose of the Meeting

We discussed and split the entire task 1 submission into parts.

Student	Attendance
Keeran Perumal	Completed the requirements and UX documentation, including functional requirements, user roles/stories, UX journeys, WBS and non-functional requirements.
Moegammad Alexander	Completed the analysis and data-design section, including class diagrams, ERD, data-storage design and supporting database explanations; also coordinated the group as leader.
Alexandro Ornelas	Completed the implementation and architecture section, including UML sequence/state design, architecture, deployment and cloud-related planning.
Isaac Phiri	Completed security, DevOps, GitHub Actions, Azure running costs, change management and handover/support planning.
Caleb Forbes	Created the Manager/Desktop Figma prototype and its main workflows and screens.
Erin Sarjoo	Created the Technician/Mobile Figma prototype, including job completion, evidence, sign-off, offline and sync flows.

Meeting 3

Date: 10 August 2026

Meeting: Meeting 3

Platform: Microsoft Teams

Format: Online

1. Purpose of the Meeting

This meeting was to see how far everyone was with their assigned roles, if anyone needed assistance on anything and if people were lost on what needed to be discussed. Each person presented what they had so far allowing for everyone to get criticism on whether they were doing the right things or not. We also spoke with the client and gave them a preview on the prototype.
